**Funeral Today--**  
The funeral services for Andrew Mikoa and Joseph Mesta were held at the Roman Catholic Cathedral yesterday. The two men were drowned at Megler's on Friday night.

**Circuit Court--**  
A mandate from the supreme court in the case of B. Grant et al vs. the O. R. & N. Company was filed in the circuit court today and orders payment of \$180.20 to be made to the defendants as costs.

**On The Columbia--**  
Chew Moch, a Chinaman, well known in Astoria was a passenger on board the Columbia on her ill-fated trip. Mr. J. R. A. Bennett of the First National Bank of Astoria knew him well and has an excellent photograph of the Chinaman in his possession.

**Died Yesterday--**  
The three weeks' old child of Mr. and Mrs. Olson died yesterday, at the residence on 1413 Grand avenue. The funeral service will be held today at 1:30, the Rev. Gjerding performing the ceremony. The interment will be at Greenwood.

**To Appeal--**  
The case of Gunderson and Nielson came up in the justice court yesterday. They were fined \$50 and costs. The case will be immediately appealed and will serve as a test case. There is no law in Washington against purse seines, while Oregon does not permit it. The men will continue fishing.

**Berry Picking--**  
Berry pickers were in their glory yesterday and the berry patches within riding distance were crowded with those gathering the luscious fruit. All kinds of berries are plentiful, it being considered the best season for berries ever known. Ben S. Worsley shipped from his berry farm at Svenson 150 crates of berries last week and expects to ship 200 crates the coming week. The success of the Worsley berry farm and the profusion of wild berries is but an indication of what our glorious country can do in that line.

**Tillamook Fair--**  
Tillamook County will have another exhibition of its dairy products at its annual county fair this year, which takes place in Tillamook City on the 22nd, 23rd and 24th of August. There will be a stock show in connection with the fair. Dairymen have been receiving exceedingly high prices for butter fat in Tillamook this year, ranging from 33c to 37c per pound, being 10c per pound above that paid last year, averaging from \$12 to \$14 per cow per month. The fair will be made interesting for the numerous campers and pleasure seekers who go to Tillamook every year from other counties, where they spend their summer vacations in that prosperous and delightful coast county.

**Police Court--**  
No session of police court was held yesterday, no cases coming up before it.

**Improving Much--**  
C. C. Utzinger who has been very ill was reported late last night as getting along very nicely.

**Bail For Johnson--**  
A bond was filed yesterday for Charles Johnson who is in the county jail charged with criminal assault. The bond is in \$500 and was signed by John Frye and Charles Green. It will be forwarded to Judge McBride for approval.

**Dies in Portland--**  
Miss Clara Rees, sister of Mrs. James A. Welch, died in Portland yesterday morning. Miss Rees had been ill for a month with typhoid fever. The mother of Miss Rees is one of the pioneers of Portland. Mr. Welch has gone over to attend the funeral which will take place in the metropolis.

**Shooting Whales--**  
There is great sport to be had at Newport just now shooting whales, or more properly speaking, black fish. These are there in abundance and launches go out carrying a crowd of men armed with magazine rifles who pump lead into the fish. It is a question what special benefit is derived from this sport except practice in marksmanship, as none of the fish are ever recovered, nor would they be of any value if they were.

**On The Columbine--**  
Mr. Fonsler, a newspaper man who is writing up the Pacific Coast with a special eye to yachting and regattas, left on the lighthouse tender Columbine early yesterday morning. Mr. Fonsler has a special permit from Washington to make these trips. He is attached to three yachting journals and the Detroit Free Press. The Columbine will make calls at all of the lighthouse stations and will go there to Morans at Seattle.

**Bad Burn Quickly Healed.**  
"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by Frank Hart and leading druggists.

## ONE MAN DROWNED AT THE BEACH

### AS RESULT OF SLEEPING IN THE BOAT AND ANCHOR DRAGGING BOAT OVERTURNED IN SURF.

One of the Tallant-Grant boats upset in the surf on Sunday with the result that the captain, Andro Basiliko, was drowned. His boatpuler, Nicolas Nakias was saved. The men had gone to sleep in the boat and the anchor dragged, with the result that the boat drifted into the surf and was capsized. Basiliko became entangled in the net and could not free himself and so was drowned. Nakias floated ashore on a log. The boat drifted ashore at Long Beach where crowds of visitors saw it. The North Side life-saving crew went out and did all they could to save the men.

### BOHEMIANS DEFEATED.

#### Lack of Team Work and Bad Decisions Ascribed As Cause.

A large crowd gathered at the baseball grounds on Sunday to witness the game between the Trunks of Portland and the Bohemians. The playing of the home team showed a lack of team practice and the decisions of the umpire were the cause of much unfavorable comment. To these things are ascribed the defeat of the home team.

The feature of the game was Pool's long running catch of Day's foul hit in the first inning. Score:

### The Doctor Away From Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Frank Hart and leading druggists.

### DR. HILLIS' LECTURE.

The postponed star course lecture of Dr. Hillis was delivered last night at the First Presbyterian Church.

A large and appreciative audience greeted the gifted lecturer. Every seat in the church being occupied.

Dr. Hillis, in his introductory remarks, soon showed his pleasing personality and was soon en rapport with his audience. He is a pleasing speaker, his announcement is clear, his manner agreeable, and his delivery perfect. Dr. Hillis told some short stories apropos of his many delays and then took up his subject which he handled admirably. His audience listened with wrapt attention and thought it one of the most interesting lectures yet delivered in Astoria.

### IT MAKES A DIFFERENCE.

It makes all the difference in the world to the convivial man where, and what, he drinks. Most men desire beauty and cleanliness, and handsome appointments in the saloon they patronize regularly, as well as the essential pre-requisite of genuine wines and liquors that are served to them. And these things are so particularly and properly conspicuous at Otto Sund's elegant resort, the Commercial, at No. 509 on the street of that name that they account thoroughly for the fixed and splendid custom he enjoys. There is nothing allowed to pass his counter but the best and choicest in every department of indulgence, and the service behind it all, is the most pleasing and satisfying in the city.

Every parent in this city should investigate, at once, the new and appreciable shoe for the youngsters, at Charles V. Brown's Commercial street house. They are called the "E. C. Scuffer" and are the very epitome of good wear and real comfort. They are going like wildfire and the kids themselves are after them because they look so "comfy."
